

CLUMondo is a dynamic, spatially explicit land use and land cover change model. The development of the user interface was funded by the Asian Development Bank's Greater Mekong Subregion Core Environment Program (CEP): www.gms-eoc.org.

Improvements and updates of the model function were supported by funding from the CEP and the European Research Council under the European Union's Seventh Framework Programme ERC Grant Agreement nr. 311819 (GLOLAND)

CLUMondo was developed by Peter Verburg.
The user interface was developed by RIKS bv, The Netherlands
The documentation was written by Jasper van Vliet.
Sample data set developed by Christine Ornetsmueller.

For questions about this software or the CLUMondo model, please contact jasper.van.vliet@vu.nl or peter.verburg@vu.nl.

CLUMondo is available under a Attribution-NonCommercial-NoDerivatives 4.0 license (CC BY-NC-ND 4.0). See the user manual for more information.
